**Are you up to the challenge?**

If you are warming up for the big races, getting fit for summer, this is the race for you!

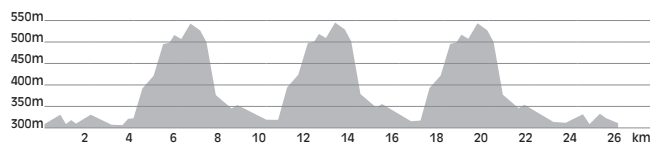

For the advanced racer this event will be a body burning course where you can test your speed and technique. If you are a beginner it will offer you a great challenge. Intermediate? It will work you over. For those looking at the Anaconda Adventure Race in Lorne, this is an ideal warm up.

Lake Eildon National Park offers a location that has variety and challenges that will set this adventure race apart from the rest. Each year a new course will be designed to keep you on your toes and extend your prowess, hone your mountain bike skills and keep your paddling honest, the run will test your endurance.
